

## Welcome back to Norfolk Lodge!

Activity & Learning Hub is open at Norfolk Lodge and we are really pleased to welcome you back!

In the morning, before you come into ALH please think about how you feel and whether you have:

- a dry cough
- a high temperature
- lost your sense of taste and smell

If you do have any of these symptoms, please stay at home until you are feeling better.

### Don't forget to:

- Stay 2 metres away from others and do not touch other people
- Wash your hands as often as possible and try not to touch your face
- Follow our one-way system around the building – you can use the signs on the floor and walls to help you do this.

Stay Safe,  
Keep  
**2 Metres**  
Apart

Things might seem a bit different at Sheffield Mencap. We have some new ways of keeping everybody safe.

When you arrive, a member of staff will meet you at the door to take your temperature. We'll give you some hand sanitiser to use as you come in.

You will be in a 'bubble' with your group all day. This means that instead of having break time and lunch in the coffee bar, you'll stay in your classroom or go outside with your group.

Please remember to bring something delicious for your lunch!

### Lots of things are the same at ALH!

- Friends
- Staff
- FUN!
